## Then and Now

Meet Jihun and Minjun. They are 12 years old. They both love comics and music, but they live in different times. Jihun lives in 1995, and Minjun lives in the present. Let's look at their lives.

It is morning. Ring, ring, ring! The alarm clock is going off. Jihun gets up. He looks out the window and checks the weather. It is raining. He puts his books and lunchbox in his backpack and grabs his umbrella. As he leaves, he says, "Ugh! My backpack is so heavy!"

Loud hip-hop music is coming from Minjun's smartphone. Minjun wakes up. He asks AI Joe, "Hey Joe, what's the weather like today?" "It's sunny," says Joe. Then, Minjun gets ready for school. He simply picks up his tablet.

Jihun is waiting for the bus. There are many coins in his pocket. He takes out 200 won and gets on the bus. Lucky him! There is an empty seat on the bus. Jihun sits down and reads his comic book.

Minjun is taking the bus. He is holding a bus card in his hand. There are many people on the bus. There is no seat for him, but that is okay. He reads his favorite webtoon on his smartphone.

At night, Jihun is listening to his favorite radio show. He records songs from the radio on a tape. There are many great songs on the tape. Sometimes, he writes a letter to the DJ and requests a song.

Minjun is using his tablet and writing a rap song. Later, he shares the song on social media. He gets "likes" from people around the world. Minjun checks his DMs before bedtime. One message says, "U R AMAZING!"
