Sumin's Daily Routine with Luna

I wake up to the sound of cheerful music.

The curtains open, and sunlight fills my room.

"Good morning, Sumin. It's time to get up!"

"Hi, Luna!" I say to my AI friend.

I brush my teeth and check today's schedule on the smart mirror.

"How's the weather?"

"It's sunny today."

"Great. I can play soccer during lunch break."

"Good! You'll have fun with your friends!"

I enjoy a healthy breakfast with my family and walk to school.

In history class, Ms. Shin guides us on a virtual trip to Egypt. With our goggles on, we soon walk along the Nile River and enter a grand pyramid.

"Do you know about Pharaohs? They were the kings of ancient Egypt. You can see their lives in these wall paintings. The ancient Egyptians believed in life after death."

Exploring a new world in class is wonderful!

After lunch, I go outside to play soccer.

I feel happy when my team wins!

"Sumin! That was a great goal!"

"Thanks, Minji. We did well together!"

We both smile and cheer for each other.

Nice work! You reached 70% of your exercise goal!

At home, I review my studies with Luna.

"I couldn't solve these three questions on the math test today. Can you explain them?"

"OK. I'll give you some tips and problems to practice."

"Thanks. I feel that I'm ready for the next test. By the way, I learned about Pharaohs and pyramids in history class. Can you recommend some video clips to watch? I want to learn more about Egyptian history."

"Sure. Here they are."

During dinner, I talk about my day with my family.

"How was your day?"

"It was fun. I think that my soccer skills are getting better."

After that, I take a walk with my dad.

I keep a diary before bed and go to sleep.

"Good night, Luna. Please play a hip-hop song at 7 a.m. tomorrow."

"OK. Sweet dreams!"
